

Welcome to MyCare Health Benefit Option

Your Employer has recently purchased the MyCare HBO Group Plan and you are now enrolled as a Plan Member. MyCare HBO is designed to assist you and your loved ones in obtaining an initial medical diagnosis for serious illness or in confirming an existing diagnosis and treatment plan; both provided by world-renowned Mayo Clinic.

Mayo Clinic is the first and largest integrated, not-for-profit group practice in the world. Doctors from every medical specialty work together to care for patients, joined by common systems and philosophy: the needs of the patient come first. Whether a patient needs to see one or 20 physicians, the need will be met with the goal of providing diagnosis and a treatment plan within 48 to 72 hours.

As a MyCare HBO Plan Member, you have the option to upgrade *at group rates* to full medical insurance coverage at Mayo Clinic for serious illness and/or major orthopaedic conditions occurring after the inception of the Policy. With **MyCare Advantage**, costs for medical treatment at the appropriate Mayo Clinic facility and all related travel costs are covered.

MyCare Advantage premiums are eligible for Private Health Services Plan (PHSP) and Health Spending Account (HSA) tax deductions. There is no medical underwriting required and there are no deductibles or co-payments.

We encourage you to seriously consider MyCare protection for you and your family. A full insurance description, application form and process to apply are available at www.hbo.ca under the MyCare Advantage tab. ***This opportunity expires 45 days from the date of enrollment in the HBO Group Plan***, so don't delay. See how affordable peace of mind can be.

Sincerely,

The MyCare Team
